

# Bring Your Items out of Hibernation

**A**s Spring approaches and the anticipation of change that comes along with it, why not take those items you've been meaning to frame and bring them in to us? Among our inventory, we've got the latest looks in framing décor (as well as the tried and true classics), and we can use them to enhance your items.

So if you've collected some things over the past several

months that you want to display, we're here to help! Tell us what you envision and we'll create a framing design that will spice up your surroundings just in time for the new season. Whether it's a painting or photo from a place you've visited recently, or a treasured object that you've been meaning to have preserved, you'll be happy once it's on display and safely housed. ■
