

Framing Focus

CELEBRATE THE SEASON WITH CUSTOM FRAMING

Looking for the perfect gift? This holiday season, consider giving a personal item that can be enjoyed each and every day of the year. Have something custom framed. Whether you need a gift for your mother, your husband, your sister, or a business associate, there are many options available to you.

Choose a print that you know someone on your gift list would love to have; bring in a favorite photo that is precious to the person you have in mind; or, if you've found an antique drawing that you know they would treasure, we can design a beautiful frame for a one-of-a-kind piece.

The options don't end with two-dimensional items. Framing objects that are special to someone—such as their child's silver spoon—make for a thoughtful (and often unique) gift. We create shadowbox frames that feature the depth needed to both showcase and protect the items inside.

A custom frame for an autographed sports jersey — it's a slam dunk gift!

Dazzle the die-hard fan in your life that waited in line for an autograph on their sports jersey by presenting that item in a great custom frame. Or delight someone by giving them a shadowbox containing mementos of a special time or place. Family heirlooms make for a great centerpiece in a custom frame.

We will work with you to choose the framing materials with colors and textures that make whatever you choose a masterpiece. And, all of the artwork and items we handle can be framed with preservation methods, which help to protect these treasures from fading, degradation, and other environmental effects.

If you're not sure exactly what to have framed, you can choose to give a gift certificate for custom framing. The recipient will experience the added joy of choosing just what they want. Happy Holidays! ■

Gift options abound with the versatility of our custom framing designs.
