

Colorful Shadowboxes

Many people have heirlooms, hobby collections, sports memorabilia, and more waiting to be framed. We have many creative ways to present your treasures including using colorful shadowboxes and designs.

This Action Racing Collectibles NASCAR shadowbox is just one example of an exciting eye-catching design that is perfect for any home or office. It has 12 windows with racing car miniatures set at angles to give the illusion that they are racing on a track. The colors

This 12-window NASCAR-themed shadowbox was designed to give the illusion that cars are racing on the track.

from each car's sponsors were used as the background. This brings all the colors together and creates an impressive presentation.

It is also important to save items for future generations, so all of our framing is done with preservation and conservation materials. From the matboard to the frames to the glazing, all of our shadowboxes are not only colorful but preservation conscious as well. Stop by with your collection today, and we will design a unique shadowbox to your specific design request that will last a lifetime. ■
