

Framing Unusual Objects

A Tooth Fairy doll is custom framed in a colorful, whimsical shadowbox design.

Shadowboxes are a great way to creatively frame collectibles, mementos, and memorabilia. Special unusual objects are best presented in shadowboxes as they call attention to the article and are truly original and custom made. For example, this Tooth Fairy doll was hung on a doorknob in a shadowbox to show how it was meant to be used. It also creates a unique, one-of-a-kind frame package.

The whimsical feel of the doll was

enhanced by using a detailed striped frame design, both inside and out. By using a wide mat border and creating a striped design that matched the doll, the theme was continued. Three different color frames are stacked to create more depth and also coordinate with the doll's clothing.

Look around and see what unusual objects you might have in the attic and bring them in for us to design an eye-catching memory just for you. ■
