FRAMING YOUR WAR HEROES

If you have a box filled with cherished memorabilia that could honor a soldier's achievements, we have a great idea for you. We can create a beautiful frame featuring your photos, medals, patches, correspondence, and any other items you might have. What better way to show how proud you are of a special war hero?

There are many ways to preserve the past and present, and framing these objects and photographs will keep them in your thoughts forever. The quantity of these objects can often be overwhelming. But we can work with you to custom design the perfect memorabilia display. This display of your cherished military memories will not only tell a story but will also honor your loved one.

An exciting way to present medals and patches might be to flank a soldier's photograph with these items. By specially mounting and presenting these items with colorful mats, all the important highlights of a career or mission can be the focal point of a beautiful frame design.

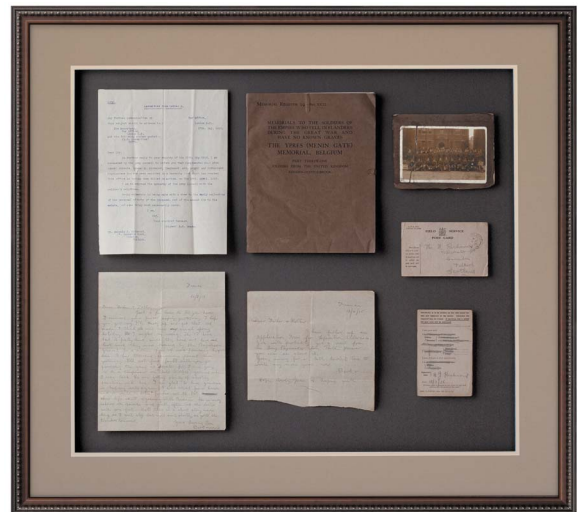

Having more than one photo may call for several mat openings in different sizes. This creates visual excitement, and interest is sparked with coordinating mat colors. Medals and patches can be displayed beneath the photo for added dramatic effect.

Old letters and postcards can also be preserved for posterity. Documents can be raised and mounted with a float effect. Softer earth tones can be used for mounting to complement the age of the materials. A dark frame with subtle, decorative ornaments can also add to the overall design.

Preserve and honor the memory of a loved one or of your own military experiences. Bring your unique memorabilia into our shop and we will offer you personalized attention and create a one-of-a-kind frame design just for you. ■
